

Insurance and Financing

Insurance

We accept most PPO insurance plans and some HMO insurance plans. HMO patients need to be referred to us by their primary doctor. PPO patients can see us without a referral.

To obtain an approval for surgery through your insurance company, you will need to complete certain tests and evaluations. Our office will inform you what your insurance company requires and help you to complete these requirements. Questions about insurance can be directed to our office by calling **866-374-9150**.

Cash

For those patients not using health insurance to pay for surgery, we offer low prices for both Laparoscopic Gastric Bypass and LAP-BAND® Adjustable Gastric Banding. Call the office at **866-374-9150** for more information.

Financing

We offer competitive financing packages through CapitalOne Healthcare Finance. They offer rates as low as 5.9% APR, low monthly payments for up to 60 months, and no prepayment penalties. Flexible payment options help you to set a schedule that fits your budget. You may actually apply online for financing with CapitalOne Health Care Finance by clicking on the link below. Or you may call our office at **866-374-9150** to get an application.
